

DEPARTMENT OF THE INTERIOR
UNITED STATES GEOLOGICAL SURVEY

WASHINGTON, D. C., *April 1, 1893.*

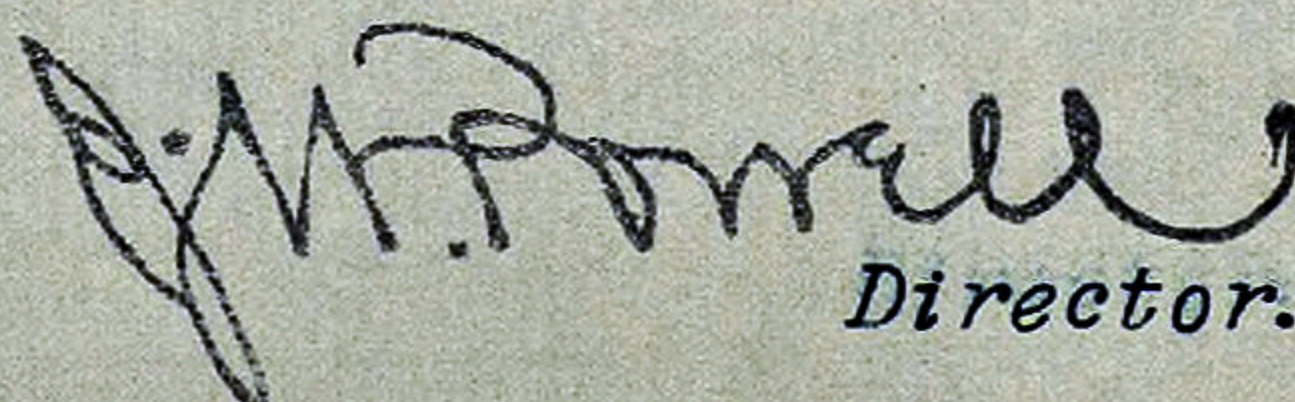

Hon. E. O. Leech,

*Director of the Mint, Treasury Department,
Washington, D. C.*

Sir:

In reply to the letter of the Superintendent of the Mint at Philadelphia in regard to furnishing cubes of gold and silver for an exhibit of this office at the World's Fair, which has been referred to me by you, I have the honor to state that it seems to me that the simplest solution of the matter is to have two cubes of gold each .177 of an inch on each edge and two cubes of silver each .74 of an inch on each edge made. If you will do this as quickly as possible my representative will pay for them and redeem them at the close of the fair.

Yours with respect,

Director.
